HOSPITAL DOES \$3,292 CHARITY **WORK IN MONTH**

The community and humanitarian value of the Warner hospital to Adams county was impressed on the hospital directors, at the November board meeting Friday evening, when the report for October revealed that 15 per cent of the hospital service that month was charity work.

The earned income, that is the value of service performed in October at scheduled rates, was \$22,894.46 while the writeoffs for free service, beyond the allowances set by the state, was \$3,292.84. As a result the hospital showed a loss, on an accrual basis, of \$1,560.07. From a cash position, however, the month showed a decline of cash on hand of \$3,734.27.

Admittances in October totaled 306 patients. Average number of patients per day was 51 adults and 14 new born or a total of 65. There were 87 births in October, 46 male and 41 female babies

Hear 5 Months' Survey

The high standard of operating efficiency of Executive Director Walter R. Doud and his staff is reflected in a five months' study of adult occupancy for the years 1950, 1951 and 1952. The months are the first five of the fiscal year, June to October inclusive.

Average number of patients per day during the five months in 1950 was 57.8; in 1951, 57.2 while 1952 showed a drop to 50.4. The percentage of occupancy for the same five months period was 78.1% in 1950, 77.3% in 1951 and 68.1% in 1952.

Earned income for the five months in 1950 was \$114,305.11, in 1951, \$137,-480.82 and \$117,446.28 in 1952. Expenses were \$117,812.96 in 1950, \$128,-920.75 in 1951 and \$119,418.20 in 1952 The operating efficiency factor is reflected in the fact that in 1952, with occupancy 10 percentage points below 1950 and income only \$2,141.17 more than in 1950, expenses were allowed to increase but \$1,605.24 with the result that the 1952 loss was \$1,971.92 as compared with \$3,507.85

"Naturally, decreased occupancy presents problems," Mr. Doud told the directors, "but these are cycles that occur every so often in all hospitals and there is nothing to be done about it.
